LONG QUIET BROKEN.

GIRL RECOVERS VOICE AFTER TWENTY YEARS' SILENCE.

Victim of Aphonia Unable to Speak for Two Decades at Last Gains Articulation and Is Happy.

Brooklyn, N. Y.—After a lapse of more than 20 years, during which time she has never spoken a word above a whisper, Miss Mabel Penny, formerly of South Brooklyn but now living here, has completely recovered the use of her vocal cords and now speaks with perfect distinctness and freedom. Miss Penny herself as well her family and friends regard the recovery of her voice as an absolute miracle. During the years of her utter silence she had consulted many eminent specialists, none of whom offered her any hope of ever speaking aloud again. She was told by several of them that the vocal cords had become atrophied and that she could never speak aloud simply because the necessary mechanism for producing sound was lacking. Miss Penny had become almost reconciled to pass her life in silence.

About a fortnight ago Miss Penny had occasion to consult a physician in regard to a temporary illness and visited the office of Dr. Richard Ellis, Dr. Ellis, who is connected with the Equitable Life Assurance society, noticed at once that the young woman spoke only in whispers and supposed that she had come to seek him for aid which she had affected her voice. After questioning the young woman he learned that she had suffered from aphonia since she was six years old.

Dr. Ellis inquired casually into the history of the case and learned that the loss of voice resulted from an attack of scarlet fever when Miss Penny was a child. He decided that the note for \$1,500 was secured from Felix Felner in Cincinnati by B. F. French, as sworn to by Sam Fields, Mose Felner, Ruck Cottingham and others.

The physician then instructed Miss Penny in the methods to pursue, and before she left his office she had succeeded in producing sounds which convinced him that there was nothing wrong with the vocal cords. Under the physician's instruction Mrs. Banta, Miss Penny's mother, massaged her throat and chest freely every day and the young woman made constant efforts to speak aloud. The recovery of Miss Penny's voice was gradual and for a few days some of her words and sentences had a broken, disconnected effect, but this only served to amuse and interest Miss Penny. She became so enthusiastic in her new pastime of learning to talk that whenever she went out to walk she practiced speaking her thoughts aloud. Many persons whom she met stopped and gazed doubtfully after her.

Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.

AGAIN ON THE STAND.
Judge Hargis Contradicts Some of Felix Felner's Story.

Lexington.—Judge James Hargis, of Jackson, was again placed on the witness stand in his own behalf. He was cross-examined by C. J. Brown, Jr., of the commonwealth. Hargis failed to explain why he had given Felix Felner a check for \$1,500, to be deposited in the Winchester bank, or why he had written the rate of interest at 8 in the note given him by Felix Felner, and then changed it to 6. Judge Hargis was carried over the testimony given by his friend, Felix Felner, and in many places he contradicted Felner. One of these instances being the date of his first acquaintance with the former circuit court clerk of Henry county. Felner said he was called to Jackson by Judge Hargis for the purpose of arranging matters so that Mose Felner could not testify against him and here was introduced by B. F. French, but Hargis says he knew Felner long before that. He denied that the note for \$1,500 was secured from Felix Felner in Cincinnati by B. F. French, as sworn to by Sam Fields, Mose Felner, Ruck Cottingham and others.

THE EQUITABLE SOCIETY.
Insurance Commissioner Prewitt Will Go To New York To Investigate.

Mt. Sterling.—Insurance Commissioners Prewitt, of Kentucky, and R. E. Folk, of Missouri, will go to New York in a few days to investigate the affairs of the Equitable Life Assurance society. The commissioners believe the company solvent, but with other commissioners from various states it is hoped a decision will be reached whereby the trouble now brewing in the company may be stopped. Threats of suits are being made by many policy holders in this state and the necessity of the company is at a standstill.

A Unique "Still" Destroyed.
Barbourville.—During a raid by revenue officers in the moonshine district of Eastern Kentucky Deputy United States Marshal William Mayes and posse captured and destroyed a unique "still." The still was located at the head of Buck creek, in Owsley county, and the furnace and fixtures were concealed beneath the floors of a dwelling house.

The Madstone Applied.
Louisville.—W. G. Pruitt, who was bitten on the forehead by a 14-year-old shepherd dog, and Wm. M. Ferguson, of Bullitt county, who was bitten by a horse, called on Charles Hall, of Ninth and Magazine streets, to apply his madstone to their wounds. In each case there was relief from the inflammation and pain.

Suit Against Coal Companies.
Madisonville.—A. M. Harrison, agent for the Kentucky, entered an order to sue here against the St. Bernard, Rennie, Oakhill and Crabtree coal companies for failing to correctly list their mine properties. The value of the property is estimated at \$10,000, and taxes due the state are claimed at \$135,000.

Death of M. R. Bankston.
Paducah.—M. R. Bankston died of cancer of the stomach. Realizing that he was failing, Mr. Bankston attempted suicide recently by cutting his throat, but was too weak for the effort to be successful, and succeeded only in inflicting two slight flesh wounds on either side of his throat.

Saved by Dynamite

Sometimes, a flaming city is saved by dynamiting a space that the fire can't reach. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. The physician could not help her, so she took Dr. King's New Discovery for consumption, colds and coughs, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and laryngitis. At Stockton's drug store, price 50c and \$1; guaranteed. Trial bottle free.

Cleaned Out

When a deep cellar becomes filled with heavy, poisonous air, it is never safe to go into it until it has been cleaned out. When your body has been poisoned with the foul residues of undigested food, it is just as necessary to clean it out. To do this pleasantly and safely take Dr. Caldwell's (Laxative) Syrup Pepsin. It is a pure, scientific preparation which has no equal in the cure of constipation, headache, biliousness and stomach trouble. Sold by Perry & Thomas at 50c and \$1. Money back if it fails.

Pirating Foley's Honey and Tar

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey & Tar many imitations are offered for the genuine. Ask for Foley's Honey & Tar and refuse any substitute offered, as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by R. C. Stockton.

INDIGESTION'S RECORD

The best remedy I can prescribe for your indigestion, making me feel as good as new, is Dr. Caldwell's (Laxative) Syrup Pepsin. I know of several other physicians who prescribe it regularly.

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Dr. Caldwell's (Laxative) Syrup Pepsin before or after their meals they would not have fallen a prey to such sudden seizures. Acute indigestion prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way. Two sizes, 25c and 50c. All druggists.
